

MXRACE-S

Kart Brake System

New for 2012 is the MXRACE-S

This system has been upgraded for 2012.

Using the latest seal technology we have drastically improved the piston retraction to cut out brake binding. Which in turn will make the brake run cooler.

We have also had our own MX Hose and Fittings manufactured to our own spec from high quality stainless steel.

Another upgrade is our all new 12mm x 200m fully vented disc manufactured from cast iron billet.

Comes with the following Standard features:

- Fully Self Adjusting.
- TUV Approved MX Hose
- Stainless Steel Fittings
- High Temperature Viton O-rings
- Low Friction Seals
- Dot 5 Silicone Fluid
- Single Pin Quick Release Pads

The new MXRACE-S is available on its own or as a package complete with new 12mm Disc and Carrier.

MXRACE-S System Only:

- Caliper with pads
- Master Cylinder
- MX Hose
- Filled with fluid & tested.

MXRACE-S Package:

All of the above plus:

- All New 12mm x 200mm Fully Vented Disc
- Circular Type Disc carrier.
- 1 x 250ml Bottle of Dot5 Silicone Fluid
